Wilms Tumor Virtual Forum

Connecting Families and Experts

Presented By:

&

Elevate, in partnership with KCA, is proud to host the first virtual forum dedicated to Wilms tumor and pediatric renal cancer—bringing together families, clinicians, and advocates to advance education, collaboration, and care. And it's FREE!

Top Wilms tumor experts from across the country

Family-informed and advocacy-led content

Insights shaped by family surveys and outcomes from the Pediatric Renal Tumor Roundtable (Denver)

Even if you're unsure you can attend live, we encourage you to register. All sessions will be shared later on Elevate's YouTube channel, and registrants will be notified when recordings are available.

Help Advance Education & Advocacy

You can help ensure this critical educational opportunity reaches those who need it most.

- ✓ **Share this forum with families in your community**
- ✓ **Pass along to social workers, child life specialists, oncologists, and care teams**
- ✓ **Help place trusted information into the hands of providers and families alike**

All families deserve access to education, empowerment, and the ability to make informed choices from day one.
