# Wilms Tumor Virtual Forum

Connecting Families and Experts

Presented By:

&

Learn directly from leading experts in Wilms tumor & pediatric renal cancers. Families, clinicians, and advocates welcome.

## Six Expert-Led Sessions

### Topics Include:

- Diagnosis & Treatment
- Finding reliable Information
- Clinical Trials & Relapse
- Thriving Survivorship
- Hope & Progress in Research
- Community Perspectives

- Michael V. Ortiz, MD
- Elizabeth A. Mullen, MD
- Nicholas Cost, MD
- Jack J. Brzezinski, MD
- Joyce T. Turner, MS, CGC
- Charles Quinn, MD

Family-informed & advocacy-led content

Insights shaped by family surveys and outcomes from the Pediatric Renal Tumor Roundtable (Denver)

Register to be among the first to know when expert sessions are available after the event, including when the recordings are shared on Elevate's YouTube channel.

## Community Breakout Discussions

While the main sessions focus on pediatric renal tumors, **breakout conversations are open to families and supporters across all pediatric cancer diagnoses. Each session will include both expert and advocate voices.**

These sessions will **not be recorded** to allow open and supportive discussions.

If you are part of the pediatric cancer community—this event is for you.
